### THE RAILROADS.

The Rate War Still Rages But no New Movements Yet.

Pecos Valley Road Bonds Reported Placed in New York-The 'Frisso Election-General Railroad News Notes-

ger rate war, but it would be no matter of surprise if the present low rates from Missour, people going from Terms to Chicago, St. Loom Daggett, Milard and other points up the country are beginning to catch on, and are buying their tickets to points where the war is raging and rebuying tickets there. By this plan in some instances soveral to the country are saved.

The belief here. dollars are saved.

The belief here that the Santa Fe, in retaliation for the cut rates made by the Missouri Pacific to Pueblo, Denver and Colorado Springs will put on a cheap rate from Chicago and Kansas City to Texas points still exists, even among railroad men, who say that it would be no matter of surprise to them if the Santa Fe would put on a Sirate from Kansas City to Galveston and intermediate points in Texas. If this should be done, (and the Santa Fe can better afford to do it than any other road) the other lines would be compelled to meet it, and then merry times for ten days at least would prevail.

E. A. Mulford, the ticket broker, who has been refused membership in the Ticket Brokers' association, has filed a suit in the circuit court for \$35,000 for slander against George McKenzie.

for \$25,000 for slander against George McKenzie,
George Frank, Isnac Frank, Levi Solomon, Edward List and George W. Frey, at Indianapolis.
He also appealed to Judge Howe for a writ of
mandate against the Ticket Brokers' association
to show cause why he should not be placed on
its list of membership and allowed to take part
in its proceedings and share its benefits. The
slander suit is set for May 50, and the mandamust is to be answered June 2. The defendant
are residents of St. Louis, Chicago, Cincinnati
and Indianapolis. The association elected
officers for the ensuing year as follows: President, George W. Frey, indianapolis: First VicePresident, W. S. Duckworth, Nashville, Tenn.;
Second Vice-President, J. Samuelson, Memphis, Tenn.; Third Vice-President, W. Willoughby, Denver, Colo.; Secretary, W. B. Carter, Lonisville; members of Erecutive Committee, L. Solomon, Chicago, and H. D. Smith,
Detroit.

The directors of the St. Louis and San Francisco railroad met in New York on the 15th, the first time since the stockholders' meeting, and organized for the ensuing year by electingiE, F. organized for the ensuing year by electing R. F. Winslow president: Henry L. Morrill, vice-president and general manager, and T. W. Lillie, secretary and treasurer, A resolution was pansed to call a special neeting of the stock-holders en July 21 to vote on a proposition to increase the capital stock \$10,000,000. It is not intended to issue the stock at once, but to prepare the way for an issue of bonds in case the company sees fit to build certain contemplated extensions. The laws of Missouri requires that it shall not be in excess of the authorized capital stock.

The Railway Review says that the criticism of the interstate commission meets its unqualified indoraement. The Review also says: "Another complaint against the commission is that it has not the 'sand' to enforce the interstate it has not the 'sand' to entoree the interstate law. It is an unexaggerated statement that if the commission were to enforce the law, and the courts would stand by it and inflict the penalties provided, one-half of the railroad officials of the country would be in jail, and the other half would be out on ball awaiting trial, while to per cent, of the large shippers would be defending charges of collusion with railroads in violating the law by obtaining special rates.

It is announced on good authority that all bonds necessary to build and equip the Pecos Valley railroad have been placed in New York, The line is to be 185 miles long, extending from the Texas and Pacific in Ward county, Tex., up Pecos Valley to Roswell, N. M. Next year it is intended to extend the line via Manzaro Valley to Cerrillos coal fields, where it will tap the Santa Fe.

General and Personal. M. M. Jewett, livestock agent of the Missouri, Kausas and Texas is back in the city. The annual meeting of the Missouri, Kausas and Texas stockhoiders will be held at Parsons, next Wednesday.

All the trains that came into Fort Worth yes-terday, regular, special and excursion, were loaded with people who came to see the Spring Palace. C. H. Boardman, traveling passenger agent of the Chicago, Burilagton and Quincy, returned to the city yesterday morning to spend his Sab-bath. His favorite minister occupies a pulpit in Fort Worth, and Charlie always goes to hear him when he can make the Forton Sunday.

Fifteen trainloads of cattle passed through the city yesterdar over the Missouri, Kansas and Texas, going north. Among the number was a lot of fat beef cattle going to market.

This is good weather for railroad building and graus growing. The former is going on on the Fort Worth and Albuquerque and the latter on the Dallas, Archer and Facific. On to Springtown!

Yes John Hughes is on the trail of a railroad and will scratch dirt "whar the bug be;" but the trail does not begin at Dallas. He is very discriminating in giving up information, and for very good reasons, too.

The Houston Post says: The 'Frisco line out of St. Louis is said to be doing an immense busi-ness, completely overshadowing other Texas lines in the matter of handling Texas freight. The complications arising from the recent cuts in rates are evidently playing in the hand of this road, and the management knows enough to take advantage of the situation.
